This letter is to recommend Kimberly King for a teaching position in your school district. I am a veteran teacher of fifth grade for Victor Schools. Mrs. King has worked at Victor School for nine years and has taught third and sixth grade.

Kim has served in many capacities at Victor School. She has served as our Indian Education for All director, worked on various curriculum committees, developed and implemented an award winning recycling program and volunteered as a Destination Imagination coach.

Mrs. King was recognized as the Indian Educator of the year in 2012. It was a well deserved award; as our Indian Education for All director she has written grants that have provided our school with countless opportunities. The faculty and staff have been provided with valuable trainings and our students have benefited from the learning experiences, resources and programs that have been made available.

Kim has a passion for teaching and it is evident in her classroom. She develops dynamic and meaningful units for her students. They have many opportunities to work collaboratively to complete relevant, hands on projects. Victor's demographics are mostly lower income families. She has shown compassion for these students and imparted the importance of education for their future. She possesses an exceptional ability to connect with her students. Mrs. King uses a firm but friendly demeanor, to keep control in the classroom and present both simple and complex concepts to all levels of students.

Mrs. King has been an excellent addition to our staff. Her energy and enthusiasm for teaching will be missed. I highly recommend Kimberly King for a teaching position in your school district; she will be an asset to your staff and your students.

Sincerely,

Tracy Montague
