To Whom It May Concern:

It is truly my pleasure to write this letter of recommendation for Kim King. Ms. King is a joy to work with and represents all that is good in education today. She is student-centered, flexible, enthusiastic, and kind. Ms. King constantly strives to improve herself as a teacher and improve the lives of the children in her stead. Kim is never satisfied with the status quo; she is constantly seeking to improve the education of her students, her classroom, and her professional abilities.

Ms. King is always focused on students and student achievement. She consistently strives to meet the needs of all of her students and is always willing to put in the extra effort to ensure their success. As she pushes for student achievement, Kim never forgets her kindness. The students love her and would do anything to gain her acknowledgement. These traits are appreciated by students and parents alike.

Ms. King is always looking ahead. Whether it is reading a book or driving great lengths to attend training, Ms. King is always trying to improve herself as a teacher. She thinks about current and future students and ways to reach them and views these hurdles as challenges to herself. She never rests on her laurels, but is driven to reach greater heights as a professional.

Ms. King is not satisfied nor does she allow herself to become complacent. She has taken on numerous challenges at Victor Schools and has always gained wondrous accolades in her endeavors. Whether it is working to become the IEFA Educator of the Year (2012) or winning back to back Recycling Bowl Awards with her class, Kim is always pushing to improve herself and her classroom.

It is with no reservations I give my highest recommendation to Ms. King. She is truly an outstanding educator. *She is the type of teacher we all want for our own children.*

Sincerely,

Lance Pearson
Superintendent
Victor Schools
